SURFACE TRANSPORTATION BOARD

DECISION

STB SERVICE ORDER NO. 1518

JOINT PETITION FOR SERVICE ORDER

STB EX PARTE NO. 573

RAIL SERVICE IN THE WESTERN UNITED STATES

Decided: January 28, 1998

In a decision issued in these proceedings on January 14, 1998, we asked shipper groups to provide information concerning the levels of service that their members are currently receiving from Union Pacific Railroad Company and the Southern Pacific Transportation Company (UP/SP) and, to a lesser extent, Burlington Northern and Santa Fe Railway Company (BNSF). We requested reports by February 13, 1998, covering the 4-month period ending February 6, 1998.

In a motion filed on January 16, 1998, the National Industrial Transportation League (NITL) asks us to extend the date on which reports are due until February 20, 1998. NITL states that it has already planned a meeting of its members for February 13, and that a brief extension will enable it to report on its meeting. It also states that a short extension will facilitate its ability to obtain and compile data into a useful product.

NITL's request is reasonable, and it will be granted. Reports are now due on February 20, 1998.

STB Service Order No. 1518
STB Ex Parte No. 573

It is ordered:

1. Shipper groups may file service-level reports by February 20, 1998, covering the 4-month period ending February 6, 1998, including information for the comparable period during the prior year.
2. This decision is effective immediately.

By the Board, Chairman Morgan and Vice Chairman Owen.
